

## DIGITALLY PRINTED TEA TOWEL PRICE LIST 1<sup>ST</sup> JANUARY 2020

### DESIGNER RANGE

Digital printing faithfully reproduces your artwork on a tea towel, whether a full colour photographic design, bright vibrant colours or delicate pastels. Our Designer Range is printed on 100% cotton heavyweight half panama fabric, specially treated to enhance the print colours. The tea towels are hemmed on all four sides and come complete with a hanging loop and neutral wash care label.

The tea towel size is approximately 47 x 74 cm. For a placement print that leaves a white border of approximately 3 cm all round, the artwork should be 40 x 68 cm. For a full bleed edge to edge print the artwork should be 49 x 78 cm. Please keep any text etc 3cm from the edge to avoid being caught in the hem. The background should go right to the edge. Prices are for bulk packaging. Neutral tea towel wraps are available at 13p each for fold size 12 x 18cm and 16p each for fold size 18 x 24cm, supply only. Folding and attaching wraps 25p per tea towel in addition to the above.

#### Placement Print or Full Bleed
