

DIGITALLY PRINTED TEA TOWEL PRICE LIST JULY 2021

PROMOTIONAL RANGE

Digital printing faithfully reproduces your artwork on a tea towel, whether a full colour photographic design, bright vibrant colours or delicate pastels. The 100% cotton fabric we print has been specially treated to enhance the print colours. The tea towels are hemmed on the two long sides. The short sides are the finished selvedge edge of the fabric and don't need hemming but can be hemmed on all four sides if you wish. See additional services below.

The tea towel size is approximately 51 x 78 cm with a print area (artwork size) of 43 x 71cm which gives a white border of approximately 4cm all the way round. We can also print full bleed, size 51 x 76cm where the print goes all the way to the edge and in this case, please supply the artwork 54 x 78 cm and keep any text or image 3 cm away from each edge to avoid being caught in the hem. The background needs to run right to the edge

Prices are for bulk packaging. Neutral tea towel wraps are available at 13p each for tea towel fold size 12 x 18cm and 16p each for fold size 18 x 24cm, supply only. Folding and attaching wraps 25p per tea towel in addition to the above. Custom full colour wraps are also available. Please see separate price list.

Placement Print with White Border Hemmed on the two long sides
